

## COsource TIPs™

**The power of the Internet and new technological advances have changed our traditional philosophy of strategic planning and risk. Healthcare and corporate security is more than just implementing new technology. How do you fully leverage existing IT resources and maximize the return on your IT investment? How do you both control your IT costs and increase the performance of IT operations?**

**COMMON<sub>d</sub>'s COsource Technology Integration Practices (TIPs™) outsourcing allows our clients to operate their core business while COMMON<sub>d</sub> manages their technology needs. COMMON<sub>d</sub> provides IT services and solutions for systems, networks, and enterprises, both small and large.**

### **“What do I have?”**

With COMMON<sub>d</sub> COsource TIPs™, your organization will benefit from a comprehensive assessment. Our COsource TIPs™ will provide you with a cost-effective way to manage your IT network infrastructure. In partnership with your organization, COMMON<sub>d</sub> helps you to identify latent value sources, risks, and constraints as well as helps you to identify technology strategies that minimize risk while implementing total-value business solutions.

### **“What do we need?”**

COMMON<sub>d</sub>'s COsource TIPs™ identifies your critical business and IT processes/functions. Our collaborative approach to outsourcing enables us to customize tools, services, and policies to help you create, maintain, and improve your business continuity. COMMON<sub>d</sub> offers many technology services, including the following:

- Consulting
- E-business Strategic Planning
- NetWorkStation Management Services
- Storage Solutions
- Data Security Services
- Technical Training
- Maintenance Program

### **“How do we put it together?”**

COMMON<sub>d</sub>'s COsource TIPs™ recognizes the importance of this issue. We will focus on the proper strategy, training, and practical strategy; not simply plans to “buy more technology”.

### **“Can I do more for less?”**

COMMON<sub>d</sub> COsource TIPs™ can help you thoroughly answer this critical question.

### **BENEFITS**

- Spend time focusing on your core business.
- Leverage technology efficiently, without the usual startup costs.
- Shorten deployment times and system integration efforts.
- Reduce risk in deploying technology.
- Improve customer care by leveraging your best skill sets.
- Effectively and efficiently manage your IT budget. Use IT savings as a self-funding strategy for other business initiatives.
- Meet Federal security compliance requirements.

### **WHY COMMON<sub>d</sub>?**

- Outstanding People:** We have the very best consultants and professionals the industry has to offer.
- Integrity:** We will do what is right, every time.
- Excellence in Everything we do:** Excellence in everything we do is about quality and exceeding client expectations during and after the engagement process.
- Focus:** Customer First, Last and Always.
- Best-in-breed:** COMMON<sub>d</sub> Security TIPs™ guarantees the neutrality of our deliverables.

We will give you a consistent and uniform set of service parameters and solutions without the disposition of vendors or brands
